

# TO: ALL COMPANIES BASED IN THE NETHERLANDS ACTIVE IN CCS AND HYDROGEN

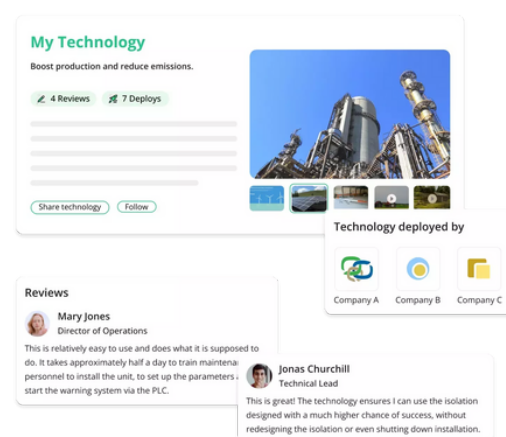

As a Netherlands-based company active in CCS and Hydrogen, you can now join [TechnologyCatalogue.com](https://suppliers.technologycatalogue.com/): the trusted B2B platform for the energy industry.

By displaying your solution on the platform you can reach high-intent buyers in the energy sector actively seeking relevant solutions for existing challenges.

## PROMOTE. CONNECT. GROW.

- **Showcase your solutions:** to over 10,000 users around the globe.
- **Interact with your leads:** by receiving inbound messages from potential customers (with no commission costs involved!).
- **Respond to industry challenges:** grow your network by connecting with global organisations.

You can register for FREE to the Basic Plan.

As a special offer - sponsored by Topsector Energie and

TechnologyCatalogue.com - you can make use of the Accelerate Plan with a 50% discount in Year 1 (€497.50 instead of €995). Discount code: TKI2025

## HOW TO REGISTER TECHNOLOGIES:

**Step 2:** Build or claim your tech page by providing all the information needed and uploading photos and videos of your technology.

**Step 4:** Start to engage with our global community

**Step 1:** Go to <https://suppliers.technologycatalogue.com/>  
Click on **Supplier Sign Up** and enter your personal and company details.

**Step 3:** Save and publish your tech page.
